visto™

store & stack

max

Stylish and engineered to last, the **Visto™** Max range is the perfect fresh food storage solution. Elegant, space efficient and stackable, **Visto™** Max is an innovative storage system that is equally at home on the countertop, in pantry, in fridge or in the freezer. Now featuring innovative unclip and vent latches.

- **Tritan** - Food-safe Tritan Copolyester is a glass-like, impact-resistant, light-weight plastic keeping provisions safe without fear of shattering. Conforms to FDA standards and is BPA Free
- **Airtight and leak-proof lids** - The integrated seal keeps food fresh and storage spaces clean.
- **Versatile** - Elegant for the countertop and practical for the pantry, fridge, freezer, microwave or dishwasher!
- **Innovative** - Unique unclip and vent latches that allow containers to breath when microwaving
- **Clarity** - Stain resistant and crystal-clear like glass for easy content identification
- **Robust** - Hard-wearing, durable and shatter resistant
- **Style** - Elegant design for display on countertops, in the pantry or in the fridge
- **Stackable** - Conveniently maximises shelf or drawer space
